With reference to orders in the Government memorandum cited above the proposal for the purchase of a high powered X-Ray plant for the government Headquarters Hospital, Mangalore may be treated as a Part II Scheme for 1950-51. The Director Barnard Institute of Radiology Madras has reported that the staff already sanctioned in G.O.No. 649 P.H. dated 23-2-49 would be sufficient for the present and any additional staff may be considered at a later stage if and when necessary. The Director has suggested that the Civil Assistant Surgeon class II to be posted to operated the unit should have more extended course of training i.e., a minimum period of three months. Quotations have since been received from Messrs Powells Ltd., Bombay for the supply of an X-Ray plant. and the remarks of the Director Barnard Institute of Radiology have been called for thereon. A sum of Rs.25,000/- representing the approximate cost of an 200 M.A. X-Ray unit may sanctioned for the purchase of an X-Ray

X-Ray plant for the Government Headquarters Hospital, Mangalore.

Yours faithfully,

for Surgeon-General with the Govt. of Madras.

Part II scheme for 1950-51 — Gdn.H(D2) 2

Sub: X'ray - Mahalingeshwara Hospital, Mangalore - Purchase of a high powered unit.

Summary:

Head of Account.	Nature of expenditure.	Without cut		Cut in 1950-51	
		Recurring (b)	Non-recurring (b)	Recurring (b)	Non-recurring (b)
(1)	(2)	(3)	(4)	(5)	(6)
38-Medical - b. Hospitals and Dispensaries - B. Mofussil Hospitals and Dispensaries - I. Ordinary Agency - xi. Medicines and Hospital Necessaries.					
A. Presidency Hospitals (excluding the Hospital of Indian Medicine) — 6. Medicines and Hospital Necessaries.	Radiological Stores (High powered X'Ray unit)	—	25,000		25,000

Explanatory Note.

The S.G. has proposed the purchase of a high-powered unit for the x'ray department of the Md.Hos. Hospital, Mangalore at a cost of Rs. 25000/- The equipment now available in the x-ray department opened in 1948 consists of a small portable unit valued at Rs 3424/- donated by the P.W.F. and a refrigeration outfit purchased out of the provincial funds at a cost of Rs. 5000/- This equipment is considered inadequate for a department which is intended to serve the whole district, which is not easily accessible and whose population cannot go elsewhere easily for treatment. The purchase of the high-powered unit is therefore considered immediately and imperatively essential for the proper

21 28

running of the department. The proposal does not involve any expenditure on staff or buildings except on the payment of t.a. to a EAS. class II who before he is put in charge of the unit will be paid an essence duty at the Bannard Institute of Radiology and given training for three months. It is proposed to sanction the purchase of the high powered unit and to make provision in the B.E. for 1950-51 as indicated in the summary.

PART II-SCHEME FOR 1950-51.

[SUBJECT.—*X-ray—Headquarters Hospital, Mangalore—Purchase of a high-powered unit.*]

Summary.

Head of account.	Item of expenditure.	Ultimate cost.		Cost in 1950-51.	
		Recurring.	Non-recurring.	Recurring.	Non-recurring.
(1)	(2)	(3)	(4)	(5)	(6)
			RS.		RS.
38. Medical—b. Hospitals and Dispensaries—A. Presidency Hospitals (excluding the Hospital of Indian Medicine) —6. Medicines and Hospital Necessaries.	Radiological stores.	..	25,000	..	25,000

Explanatory Note.

The Surgeon-General has proposed the purchase of a high-powered unit for the X-ray department of the Headquarters Hospital, Mangalore, at a cost of Rs. 25,000. The equipment now available in the X-ray department opened in 1949 consists of a small portable unit valued at Rs. 3,424 donated by the Provincial Welfare Fund and a refrigeration outfit purchased out of the provincial funds at a cost of Rs. 5,000. This equipment is considered inadequate for a department which is intended to serve the whole district which is not easily accessible and whose population cannot go elsewhere easily for treatment. The purchase of the high-powered unit is therefore considered immediately and imperatively essential for the proper running of the department. The proposal does not involve any expenditure on staff or buildings except on the payment of travelling allowance to a Civil Assistant Surgeon, Class II, who before he is put in charge of the unit will be posted on reserve duty at the Barnard Institute of Radiology and given training for three months. It is proposed to sanction the purchase of the high-powered unit and to make provision in the Budget Estimate for 1950-51 as indicated in the summary.

From the S.G., Ref.No. 38766-6 P.W. dated 12-10-49.

Sub: X-ray - Headquarters Hospital, Mangalore - Purchase of a high-powered unit.- Sanctioned.

G.O.No.Ms. 1217 Health Dated 15-4-50.

The Government sanction the purchase of a high-powered unit for the X-ray department of the Headquarters Hospital, Mangalore at a cost not exceeding Rs.25,000/- (Rs. Twenty-five thousand only).

2. Necessary provision has been included in the budget for 1950-51, on this account under ~~The expenditure should be debited to~~ "38. Medical - b. Hospitals and Dispensaries - A. Presidency Hospitals (excluding the Hospital of Indian Medicine) - 6. Medicines and Hospital Necessaries". ~~Necessary provision has been made in the Annual Estimate of Expenditure for 1950-51.~~

To the S.G.

" A.G., through Fin. Dept.,

" Fin.,

S/C.

To dy. H(D2)

From the Sec. Mysore No: 38766-6 PW d. 12-10-48
X Ray - Headquarters Hospital, Bangalore - Purchase of a high powered unit.

In 1948 the Provincial Welfare Fund provided eleven X Ray units - 3 stable units and eight portable units for distribution among the Govt. Hospitals in the province. When T.S. (the present Secy.) had discussions with the Sec. and the Director Bajpai and Sinclair regarding the distribution of these units, it was agreed that one of the units - a portable unit should go to the Headquarters Hospital, Bangalore which in view of its importance should have also a high powered unit to be purchased out of the provincial funds. Accordingly in Go. 649 P.H d. 28/2/49 the Govt. allotted one of the portable units to the Med. Sub-Asst. Bangalore, sanctioned the staff and the auxiliary equipment necessary for the operation of the unit and asked the Sec to forward proposals for the purchase of high powered unit for the hospital

2/ The Sec. now reports that a high powered unit may be purchased for the hospital at a cost not exceeding Rs. 25000/-. He says that it is not necessary to construct any buildings new or employ additional staff to work the plant. He however says that the CAS. Asst. who will be posted to work in the X ray dept. of the hospital may be asked to undergo

three months training instead of a months training ordered in para 4 of G.O. 6249-H d. 28-2-49. He does not say how this training is to be given and whether it will cost the Govt. anything Presumably he will make the necessary arrangements without any extra cost to Govt.

3/ Though the S.G. has proposed the provision of the high powered unit only at the instance of the Corps, it seems necessary to examine here whether in the present financial exigency the proposal should be proceeded with at all. Fin. have issued instructions that except schemes which are imperatively and immediately essential for the proper running of the department no scheme should be put forward as a part II scheme for 1950-51. The point is whether the provision of a high powered unit for the Hd. Qrs Hospl. Bangalore is imperatively and immediately essential for the proper running of the hospital. The hospital has already a portable unit but this portable unit can scarcely be considered as meeting the needs of a headquarters hospital like the Bangalore hospital. The Headquarters Hospitals at Kozhikode and Cuddalore have undergoing to have high powered units. The provision of a high powered unit for the Hd. Qrs Hospl. Bangalore may therefore be considered as absolutely essential for the proper running of that hospital. The proposal may be approved and the expenditure involved in it for Rs 25000/- provided for in the budget for 1950-51.

4/ The remarks of Fin. may be invited.

Sd/- 30.10.49. Addl Secy

Sd/- 31/10/49

Ask for information on A. I am afraid extra cost will be involved.

2. Mr S. Kanara dt is not easily accessible and its population cannot go elsewhere easily for X-ray treatment. It is therefore necessary to provide a high powered unit there.

3. After sending off memo as w.r.t. para 1 above, send file to Finance

25/10.

The draft below is for approval. After issue Fin. may see. The establishment if any involved in the training may not be sanctioned

25/10/49

Finance (a.i.)

ASSISTANT SECRETARY TO GOVERNMENT
26 OCT 1949
FINANCE DEPARTMENT

Finance (B.E.IV) Dept

Part II Scheme for 1950-51.

Purchase of a highpowered X-ray Unit for the Government Headquarters Hospital, Mangalore.

ESTIMATED COST Rs. 25,000 Non-recurring.

The Medical department obtained three stable X-ray Units valued at Rs 9,332 each and eight portable units valued at Rs 3,424 each as a donation from the Provincial Welfare Fund. These units were distributed to certain Headquarters Hospitals (+ other medical institutions) in Feb'49. The Government sanctioned the employment of the necessary staff and the purchase of necessary equipment for the operation of the Units. The Headquarters Hospital, Mangalore was one of the hospitals which got a portable X-ray unit and the necessary staff and equipment. The purchase of a high-power Unit was also considered necessary for the Head quarters Hospital, Mangalore as well as some other hospitals like Cuddalore. (Highpower unit has been sanctioned for Cuddalore). E.& P.H. consider that the

4/ DV

proposal to purchase a highpower unit for the Headquarters Hospital,Mangalore can be deemed to satisfy the test of imperative and immediate essentiality and as such it ~~is proposed to~~ may be treated as a Part II Scheme for 1950-51 - see their remarks at 'A' on p.2 and 'B' on p.3 above. The proposal will not involve extra expenditure on ~~any~~ buildings, as accommodation is said to be available but it is expected that there may be some small extra cost on the training of the Civil Assistant Surgeon, Class II ~~may have to be~~ trained for three months instead of for a month as was previously sanctioned when the portable X-ray Unit was given to the Hospital,Mangalore. ~~This will however involve only a small additional expenditure.~~

This department may agree to the proposal to purchase a highpowered plant being considered as a Part II Scheme for 1950-51 subject to orders being taken in circulation including H.M.(Finance).

This is only a desirable proposal and no great harm will result if it is deferred for some time. Finance may advise that the proposal need not be considered as a Part II Scheme for 1950-51, when all round economy is the need.

In this case we need not object to the scheme taking its chance as a Part-II Scheme for 50-51.

~~Fin 70810 B EIV-1~~

From the S.G. Memo. 38966-9 pw d. 22-11-49.

The S.G. has since recommended cancellation of the recent additions of Fin. for deferring or slowing down remodelled pre-war schemes and for drastically reducing the expenditure on other schemes, the proposal to purchase a high-powered unit

for the Headquarters Hospital, Mangalore may be deferred. But for the reasons stated by the Addl. Secy. at 'B' at p3 ante the proposal has already been accepted in circulation as one immediately and imperatively essential for the proper running of the X-Ray dept. of the Headquarters Hospital, Mangalore. The objection of the S. G. may therefore be overlooked and the proposal proceeded with as a part II scheme for 1950-51. Fin may see for acceptance of the part II noti already approved.

27.11.49.

25/11/49.

It is desirable that the scheme should take its chance — Fin S.G.'s view whether sums is or is not much on this side of Govt and not to be worried
